Camp Coach in Training Program Summary

The CCIT program is intended for youth ages 13 -17 with interest in working in a day camp setting. The program is designed to provide skills and training necessary to become a future leader at Camp Magruder or any camp setting. The following will be discussed further through the training: detailed camp coach training, team and leadership training, participation in leading and creating camp activities, and developing skills to work with children. A prospective candidate should be enthusiastic and dedicated to learning and applying the topics listed above.

Participation

CCIT participants are in an entirely unique position and experience. They are not campers and not yet a camp coach. Rather, participants will discover whether they are a good fit to be a leader in a camp environment. CCIT's will be held to high expectations, as they will be expected to lead activities, handle confrontation, work with children, work as a team and other responsibilities as given. Successful participants will be eligible to earn at least 75 community service learning hours. This program is an opportunity full of hands-on experience benefiting the City of Hyattsville and the community.

Thank you for your interest in Camp Magruder's CCIT Program. Placement is limited and selection is on a first come first serve basis. In person or phone interviews will be required. Please note that all applicants must be at least 13 years at the start of the course to participate. Applicants who have been selected and successfully completed this course will be eligible to participate in Camp Magruder for an internship. You may apply for employment once you have finished 11th grade, enrolled as a high school senior and/or turned 18 years of age. Completion of this course does not guarantee employment.
