

SECRET LETTER

SPRING CAMP MAGRUDER ONLINE

TODAY IS TUESDAY APRIL 7, 2020

Materials:

- baking soda
- paper
- water
- paintbrush or swab
- cup
- purple grape juice

Instructions:

1. Mix equal parts water and baking soda.
2. Use a paintbrush or cotton swab to write a message onto white paper, using the baking soda solution as "ink."
3. Allow the ink to dry.
4. Paint over the paper with purple grape juice. The message will appear in a different color. The grape juice acts as a pH indicator that changes color when it reacts with the sodium bicarbonate of baking soda, which is a base.
