New Relief Funding Opportunity for Hyattsville Restaurants

HYATTSVILLE, MD – Hyattsville’s City Council has reappropriated a portion of the City’s Pandemic Relief Fund to provide relief funding for regionally and locally owned full-service restaurants, breweries and distilleries in the City. Qualifying restaurants will be eligible to receive \$2,000 for rent, utilities, PPE, take out packaging, or other pandemic related overhead.

“Restaurants have been some of the hardest hit businesses during this pandemic, with frequently changing restrictions on occupancy and operating hours,” says Hyattsville’s Director of Community and Economic Development, Jim Chandler. “The City prides itself on the diversity of locally owned restaurant destinations and we want to do our part to keep doors open while we continue to fight the virus.”

Applications will be accepted from March 1 - April 30, 2021, or until funds are exhausted. For more information and to download the application, visit www.hyattsville.org/restaurants. Submissions must be sent via email to ReliefFund@hyattsville.org.

The COVID Relief Fund will accept requests from locally owned and operated restaurants, distilleries, breweries and wineries/meaderies licensed to operate in the City of Hyattsville. National franchise or corporately operated restaurants or kiosks are not eligible to apply for funding.

The City of Hyattsville is a diverse and welcoming community that celebrates small town character, urban energy, and environmental stewardship. The City’s municipal government aims to provide leadership and effective services that enhance resident’s quality of life. For more information visit www.hyattsville.org.
